County Government Day

On December 19, 1961, nineteen H.C.H.S. Juniors took part in County Government Day. They spent the morning learning the various duties of their offices. In the afternoon they presented a mock trial. They tried Miss Hyde for having a concealed weapon on her person. The jury found her innocent.

The Hayes County High School can be credited with a very successful and ambitious Student Council. Although this is just their second year of operation, where they lack in experience they strive in hard work.

The Student Council has had a very active year. They have sponsored many fine assemblies, raised a Christmas Fund for orphans, attended a student council convention at Kearney and have tried to organize a noon hour program.

This Student Body of Hayes County High School can be proud of their representation in the school through the work of the Student Council.

May 17, 1982

Dear Miss Hyde,

Since I was the secretary of the class of '62 I thought that I better find out what all of my classmates are doing. It has been 20 years since we were altogether.

I went to the high school you, Miss Hyde, and your husband, Mr. Hyde, had founded the senior of '62. Your work there has been rewarded as you have won the title of the "Miss Hyde C. Hyde all girls' school. I have been informed that your school specializes in teaching manners, poise, and boxing?

I have been very busy for the last few years. I graduated from law school and have served as a judge in the state court. I have also been a judge in the state court when I was nominated as a judge for the state. Like the work I have been doing I will be a judge for a period of time and will hold off with wedding plans for at least four years.

To find out about the other classmates I decided to return to Hayes Center. Upon arrival in town I stopped at the "Hayes Center". Her assistant told me she was living at the train court and was employed by the Times-Journal in town. Cheryl told me that another classmate was working in town too. Carol Thompson was the Entertainment agent and was head of the "H Clubs" in the county -- head, hands, health, heart, and help???

I said good by to Cheryl and wandered on over toward the Post Office to find out the addresses of the rest of the gang. On my way over I met Pete Walker carrying a box of groceries to his pick up. Pete is recently married and has six children. He is living with his fine wife and family on the old home place. Pete said I could find Dick somewhere over at the restaurant if I wanted to talk to him. So over to the restaurant I went and there Dick was making plans with "Fat" Jones for the annual Miss Hayes Center pageant. Dick works all year round to make a success of the event. "Fat" Jones is head of the "Hofe" and a Beauty School and enjoys working hand in hand with Dick for any kind of success.

I had a nice chat with "Fat" at work and she told me that "Lena" Kohler was making a career of the Marines. Barry McIntosh had followed his father's footsteps into politics serving presently as an ambassador to Italy. She also said that Jim Singleton was owner of the largest rodeo in the state. Presently "Fat" had to return to her school.

Mrs. Peters came over to the table to ask how I was and if she might sit down and talk awhile. I inquired about Cathy. She said Cathy had been very busy writing articles for several magazines and had just completed her first book entitled MY BROTHER WAS AN ONLY CHILD. Mrs. Peters commented that she thought Cathy had been working just a little too hard lately.

I was leaving the cafe when I noticed quite a crowd around a new 1982 sports car so I strolled over to see who was causing all the excitement. Dean Hammer had just returned from Hollywood where he was making T.V. advertisements for Brylcreem hair dressing. It seems Dean was a three dab man and will go on trial in the near future on charges of burglary. I approached Dean and we conversed sometime. He told me that Gene Carter was a big man or would I say bigger man. He is president of Carter's Living Linen Company in New York City and the way I understand it it is quite a lively business. I asked if he knew where Kirby Burkett was, Dean said he was a bookie by profession and a banker in his spare time.

Vernon Leibrandt has graduated from the University of Nebraska and is now doing research on the amount of damage the common earthworm does annually. He is also a member of the Fishing Club. Does this have any connection with his research, you know, bait earthworms? Dean also said that Sonya Romersheuser was teaching school in China. She had written Dean a short letter telling him about her experiences and mentioned she never gets homesick.

It was getting late so I decided to drive out to my folks place for the night. On the way out I drove by a neat little farm. There were three or four young kids playing in the neat yard and the little cottage looked so peaceful and serene. When I arrived home I asked mom who lived there. She said it was the former Marilyn Rueter. I called on Marilyn the next day and she said she was really happy. I asked if she knew where Donale was. She said Donale was connected with C.R.A.S.H. airlines and was leading an exciting and daring life. Marilyn said Lynda Rader is now Mrs. Russel Jones and leading the life of a college professor's wife. There are several little Joneses adding to the variety of married life.

When I asked about the only two left in our class - Iris Lyons and Judy Nelson Marilyn said she had heard that Judy was in Alcatraz and Iris was in Sing Sing. Oh well we're not all perfect.

Well Miss Hyde as you can see the seniors of '62 haven't just "stood still". Best of luck in your all girls school.

Sincerely,

Ruth Lindekugel

"Best Wishes Seniors"

When in the dawn's early light
a smiling face brings much delight,
it shines through the shades of night
and turns out to be Dwight!

Best of Good light & luck!
